

AERB

1	Design and Construction of Industrial .....	3432
2	Regulatory Consents for Nuclear.....	3425
3	Codes Standards and Guides.....	3424
4	Fuel Design for Pressurized....	3470
5	Control of Airborne Radioactive.....	3429
6	Quality Assurance in the Design.....	3430
7	Quality Assurance During....	3431
8	Industrial Radiography	3434
9	Emergency Electric Power Supply....	3428
10	Medical Diagnostic X-Ray Equipment...	3435
11	Nuclear Medicine Facilities	3436
12	Design of Concrete Structures .....	3437
13	Design Fabrication and Erection of Embedded .....	3469
14	Safety Classification and Seismic.....	3468
15	Regulatory Inspection and Enforcement .....	3466
16	Design Basis Flood for Nuclear Power.....	3440
17	Testing and Classification .....	3433
18	Design of Fuel Handling and Storage	3474
19	Safety Related Instrumentation.....	3473
20	Liquid and Solid Radwaste.....	3472
21	Primary Heat Transport System.....	3471
22	Loss of Coolant Accident Analysis.....	3427
23	Design Fabrication and Erection.....	3438
24	Preparation of Safety.....	3467
25	Maintenance of Civil Engineering	3439
26	Transport of Radioactive Materials	3318
27	Handling of Radiation Emergencies...	2812
28	Open Field Industrial.....	2815
29	Code of Practice .....	2817
30	Manual on Data Base Management .....	2882
31	Civil Engg. & Building.....	2883
32	Atlas of Reference Plans .....	2810
33	Enclosed Radiography.....	2811
34	Brachytherapy Sources.....	2816
35	Telegamma Therapy....	2813
36	Medical Diagnostic.....	2809
37	Off- Site Emergency.....	3319
38	Intervention Levels.....	3317
39	Radiation Protection.....	3219
40	Medical Management .....	3096
