

Specification for Pressure Transmitter

Process Connection	1/2"
Line Pressure	0 – 6 kg/sq.cm
Calibration Range	0 – 4.5 kg/sq.cm (instruments shall be pre-calibrated at this range)
Output	4 – 20 mA
Supply	24 V DC, 2 Wire System
Accuracy	+/- 0.5 % of F.S.
Calibration	(1) Through universal smart field communicator (2) Through potentiometer/membrane switch provided in the Transmitter
Make	Honeywell/ABB/Siemens/Emerson

A handwritten signature in black ink, consisting of a stylized 'J' followed by a series of loops and a final horizontal stroke.
