

Status of compliance of environmental condition of uranium recovery plant from copper tailing at Mosabani for the capacity of 0.9 MTPA located at Mosabani, East Singhbhum District, Jharkhand

At present, the detailed engineering of the project is under final stage. The job has been assigned to the competent party for execution on concept to commissioning mode. The environmental conditions have been considered in detailed engineering.

Sl. No.	Specific conditions	Status of Compliance
1.	<i>The project proponent shall reuse the recovered water from tailings from tabling circuit in the process and reduce the water drawl from Suvarna Rekha River.</i>	Clarifier has been considered in the process circuit to recover water for its reuse to reduce the fresh water drawl from Subarnarekha River.
2.	<i>The PP shall under take greenbelt development in 1.5 ha with total no of 3500 trees of local species.</i>	Plantation will be developed over 1.5 ha area with total 3500 no of trees. Work has been assigned to M/s MECON for detailed engineering considering above requirement.
3.	<i>Handling and transportation of radioactive material shall be as per the guide lines of Atomic Energy Regulatory Board.</i>	Guidelines of Atomic Energy Regulatory Board will be followed. Health Physics Unit of Bhabha Atomic Research Centre (BARC), Jaduguda will look after the relevant guidelines of AERB for its implementation.
4.	<i>The recommendations of the approved Site-Specific Wild life Conservation Plan/ Wildlife Management Plan shall be implanted in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report.</i>	Site-Specific Wild life Conservation Plan/ Wildlife Management has been prepared and submitted to PCCF & Chief Wildlife Warden, Ranchi vide letter no UCIL/ENV/MURP/Forest/03/2018 dated 01.08.2018. Site visit by PCCF Cum Chief Wildlife Warden, CF and DFO has been conducted on 12.10.2019. The revised report incorporating comments received from the PCCF has been submitted to DFO, Jamshedpur on 10.02.2020.
5.	<i>The PP shall incorporate a system of reporting non-compliance to the board of directors in the Environment Policy and submit the same to the Ministry.</i>	Agreed.
6.	<i>The PP shall submit the water drawl permission from competent authority to the Ministry</i>	Application for drawl of water has been made online on Water Resource Department, Jharkhand portal on 24.06.2017. Water allocation committee meeting held on 22.04.2019 has recommended for drawl of water, official letter is awaiting.

### **ISO 14001: 2004 ENVIRONMENTAL POLICY**

In line with its corporate policy, Uranium Corporation Of India Limited (UCIL), adopts environmental management system in all its areas and is committed to:

- Manage air, water & noise pollution in its surface operations and air and noise pollution in its underground Mines.
- Continual improvement in environmental quality and prevention of pollution by applying best available practices & setting & reviewing objectives & targets.
- Compliance with applicable environmental laws & other requirements concerned with all its operations.
- Conservations of natural resources.
- Monitor the health of all its employees and to ensure the preventive & betterment measures.
- The policy will be made available to interested party whenever asked for.

As these include head surgeries, there is a possibility that accident cases constitute a significant number of claims. These statistics assume significance as initially private hospitals had expressed concerns about the low pricing of packages fixed by National Health Agency (NHA). This had also led to speculation about the take-off and spread of the scheme, which requires a network of empanelled hospitals for patients to seek care across the country. The data shows NHA has so far received 55,482 applications for hospital empanelment. Out of this, 15,000 hospitals have either been empanelled or are in the pipeline following approvals. Around 8,000 empanelled hospitals are from the private sector.

"Costing issues are primarily in Delhi and in other metro cities where the cost of services and human resources is high. Otherwise, the response in tier 2 and 3 cities in states like Haryana, UP, Jharkhand and Chhattisgarh is tremendous," says Dinesh Arora, deputy chief executive of Ayushman Bharat.

Through Ayushman Bharat, the government is targeting to increase healthcare accessibility while reducing out-of-pocket ex-
